Dear Sirs:why do i support xm radio? i am a long haul truck driver an the reason that i got xm radio is because i don't have to always have to switch around to listen to what i like to listen to on the radio. Sometimes i have to go out on the truck on sunday morning and i am a BIG Nascar fan and i can listen to the race from start to finish with out having to worry about not hearing the race.And that is why i support XM RADIO. Thank you Bill Rathge Deshler,Ohio
